Objective

Software Engineer with 2+ years of experience in XXX, seeking full-time XXX roles.

Education

B.Tech (Software Engineering), Delhi Technological University, New Delhi (2020-2024)

CGPA: 8.5

CBSE (Class XII), Himalaya Public School (2019)

Percentage: 93.2%

CBSE (Class X), Jindal International School (2017)

Percentage: 93.1%

Skills

Technical Skills: C, C++, Python, TensorFlow, Keras, Pandas, Sklearn, Streamlit, Numpy

Tools: VSCode, Colab, Sublime, Kaggle, Gitlab, Github, PostMan

Experience

ML Intern

DESKERA (Remote), June 2023 - August 2023

- Developed a chatbot enabling seamless data migration between platforms, involving file conversion logic, API development, and backend work.
- Enhanced user experience by crafting intuitive prompts for the chatbot and explored error-checking ML models for data migration reliability.

Intern

Apkiwebsite.com, Delhi, Sept 2021 - April 2022

- Gained hands-on experience in WordPress development, customizing themes, and optimizing website performance.
- Learned essential interpersonal skills and effective client communication, gaining insights into real-world project dynamics.

Projects

Fake News Detection

Utilized Deep Learning and Machine Learning techniques to identify fake news.

Implemented models for detection, enhancing media literacy.

Complex Repo Ranking

Developed a tool to rank the most intricate repositories in a user's GitHub profile.

Utilized the GitHub API and LLM to predict the complexity score for each of the repositories.

Stock Prediction

Employed LSTM and Random Forest on real-time Yahoo Finance dataset and Tiingo.

Predicted stock trends for informed decision-making.

Extra-Curricular Activities

Ex-Rajiv Gandhi Stadium football team member, honing leadership in regular matches.

Start-up involvement (apkiwebsite.com, theeskape.com, bigybiz) for web development and entrepreneurship skills.

Positions of Responsibility

Co-founded Dr's café and successfully organized many events.

Organized a team of good people for my startup - theeskape.com.

Worked as a team leader in different projects for hackathons.
